Vectrus Announces Third Quarter 2017 Results

- **Third quarter 2017 revenue \$269.6 million and operating margin of 3.7 percent**
- **Diluted earnings per share (EPS) of \$0.51**
- **Increasing full-year 2017 guidance**
- **Awarded nearly \$400 million, sixteen year Range Support Services subcontract**

COLORADO SPRINGS, Colo., Nov. 7, 2017 — Vectrus, Inc. (NYSE:VEC) announced third quarter 2017 financial results. For the third quarter, revenue was \$269.6 million, operating income was \$10.1 million, and diluted earnings per share were \$0.51. As of September 29, 2017, year-to-date net cash provided by operating activities was \$22.4 million.

"We reported solid third quarter results, which were driven by progression on our strategic imperatives and strong program execution. Additionally, I'm pleased to announce that during the quarter, Vectrus was awarded a significant long-term subcontract in support of the Air Force Range Support Services II program," said Chuck Prow, president and chief executive officer of Vectrus. "The new contract, worth approximately \$400 million, extends through the first quarter of 2034 and is expected to increase our U.S. based facilities and logistics work with the Air Force. This was a notable win for our team and is the largest new business contract awarded to Vectrus this year. We are proud to be a part of the RSS II team and look forward to delivering exceptional results on this long-term program."

"We remain focused on future growth and our efforts so far in 2017 have resulted in over \$1.3 billion of contract bookings," explained Prow. "Our contract awards have driven our total backlog to \$3.1 billion, which now represents almost three times our updated 2017 revenue guidance mid-point."

Third Quarter 2017 Results

- Revenue \$269.6 million
- Operating income \$10.1 million
- Operating margin 3.7%
- Diluted earnings per share \$0.51

Third quarter 2017 revenue of \$269.6 million decreased \$14.2 million, or 5.0 percent, compared to the third quarter of 2016. The decrease in revenue was attributable to lower activity from our Middle East programs of \$14.1 million and our U.S programs of \$2.9 million, partially offset by increases from our European programs of \$2.3 million and from our Afghanistan programs of \$0.5 million.

Operating income was \$10.1 million or 3.7 percent operating margin in the third quarter of 2017, compared to \$11.2 million or 3.9 percent operating margin in the third quarter of 2016.

Third quarter 2017 diluted earnings per share were \$0.51 compared to \$0.60 in the third quarter 2016.

Year-to-date September 29, 2017, net cash provided by operating activities was \$22.4 million, a decrease of \$11.1 million compared to the 2016 period. Days sales outstanding was 57 days in the third quarter of 2017 compared to 55 days in the third quarter of 2016.

"We remain focused on cash generation and our team continues to evolve our processes to enhance cash collections," said Matt Klein, chief financial officer of Vectrus.

The Company ended the third quarter of 2017 with a total debt balance of \$74.5 million, which was down from \$85.0 million at December 31, 2016. As of September 29, 2017, the Company had a total consolidated indebtedness to consolidated EBITDA (total leverage ratio) of 1.58 to 1.00x.

"With approximately \$11 million in net debt¹, our balance sheet remains in excellent shape," said Klein. "Our increased visibility and strong financial position has allowed us to negotiate commitment letters and a term sheet for a new and expanded credit facility. Our planned new credit facility, which we expect to close in the fourth quarter, will allow for even greater financial flexibility to support our business growth objectives and capital allocation strategy."

The Company ended the third quarter 2017 with total backlog of \$3.1 billion and funded backlog of \$0.8 billion.

2017 Guidance

"We are increasing our 2017 guidance for revenue, operating margin, net income, diluted EPS, and net cash provided by operating activities," said Klein.

2017 guidance details include:

<i>\$ millions, except for operating margin and per share amounts</i>	(Prior) 2017 Guidance	(Updated) 2017 Guidance ²
